Terms and conditions of payment

The price for an exhibition stand is indicated on the registration form. Additional services will be charged as specified. All prices are exclusive of sales tax (VAT). The invoice amount for the booked exhibition stand is due upon effective conclusion of the contract. Any invoices issued by the event organizer are due and payable in full within 30 days. The exhibitor loses the right to participate in the exhibition / any services, if the amount invoiced is not received by the payment deadline.

Invoices

Ordered services of any kind will be invoiced to the recipient of the service specified in the respective order form. An billing address differing from that of the ordering party or individual requirements such as order numbers or names are to be indicated upon ordering the service. In the instance of subsequent invoice corrections, we will charge a supplementary fee of EUR 50.00 per invoice to be corrected.

VAT (Value-added tax identification number)

As a rule, the event organizer provides the exhibitor (company) with a single service (the event) acc. to Section 3a (2) of the Umsatzsteuer-Anwendungserlass (the German VAT application decree, "UStAE"). For this purpose, the place where the service is provided is the registered office of the service recipient. Accordingly, the event organizer invoices foreign exhibitors according to the reverse charge procedure without German VAT. Acknowledging the entrepreneurial status of exhibitors from the European Union is subject to the notification of a valid VAT identification number on the registration form. The exhibitor shall inform the event organizer immediately in writing of any changes to the VAT identification number.

Stand registration

Stands are registered by sending a completed registration form with a legally binding signature. The exhibitor is the natural person or legal entity in whose name the registration is made. The exclusion of competitors cannot be requested or granted. Sending the registration form does not constitute a claim to admission.

Stand reservation

The exhibitor can use the *Stand Reservation* form to reserve the previous year's stand position, subject to the specified confirmation deadline. Once the event organizer has confirmed the reservation, the reservation becomes a binding stand booking. In case of requests for changes, these will be taken into account as far as possible; the claim to the previous year's original stand, however, shall lapse.

Stand allocation

Stands will be allocated by the event organizer. Preferences expressed by the exhibitor on the registration form will be taken into account as far as possible. Stand allocation is subject to the condition that all due and outstanding claims of the event organizer against the exhibitor have been paid in full. Allocation will be in writing by invoicing the fee for the stand and sending the exhibitor documentation. After allocation, the organizer reserves the right to allocate the exhibitor another exhibition space of equal value if there are legitimate interests. The contract between the event organizer and the exhibitor will be legally binding once the above documentation has been forwarded. Complaints must be made in writing within eight days of receipt of the stand invoice.

Registration as sponsor

Sponsors may register by completing the registration form Sponsor Registration and submitting it with a legally binding signature. Preferences expressed on the *sponsor registration* form will be taken into account as far as possible.
